REMEMBER YOUR DEAR ONES
ON VALENTINE'S DAY!!!

Thanksgiving in February? Why not. I think there's no wrong time to acknowledge what you are thankful for. This morning I put my parents on a plane back to Minnesota after their annual visit. I feel fortunate to have had the opportunity to spend the time with both of them. Yes, for two weeks the heat in the house was cranked up to about 400 degrees, the volume on the television rattled the windows, and the dog was spoiled beyond belief. Mom, who has lost much of her short-term memory, repeated the same thing over and over and asked the same questions every time we drove by all the local landmarks. I'm thankful I found the patience and the generosity to answer every time as though it was the first time, without getting frustrated. It's the least I could do after she cheerfully explained that since she doesn't remember a lot of things, every place she goes is new and every day is an adventure. We should all be so lucky to be able to look at life that way! They both still have their sense of humor and we laughed a lot.

And while I'm feeling thankful...I want to thank Judi Morris for hosting our retreat in January and thank everyone who was able to attend for their first time and participate with thoughtful comments and contributions. Thank you, Pat, for taking such great notes; thanks to everyone for their fundraising ideas. Thank you, Kay, for compiling all of the responses to the Club Questionnaire, being patient with us when we ran out of time to discuss them at the retreat, and for sending the information out to everyone so we can discuss it at a future meeting. Thank you, Joy, for organizing the reception for Bob Henderson's memorial and thanks to everyone who contributed.

And most of all, thanks for being the energetic, committed and awesome group of women that you are!

Looking forward to seeing you at club in February. Don't forget our park work day on Saturday, the 9th!

Susan

FEBRUARY PROGRAMS

by Kay Pownall

The February 7th meeting will be a working meeting to discuss what changes we want to implement

based on the evaluation responses received from club members over the last several months. The response results were emailed to all members and feedback was welcomed, but so far I have received no feedback so I am hoping that members will come to the meeting on February 7 ready to share ideas for improving our club.

The February 14th speakers will be the Rhododendron Festival Queen candidates for this year. There are three candidates and they will each speak for about three minutes on a topic that will be given to them about a week in advance. When they have finished speaking we can then ask them any questions about their topic or candidacy or whatever else may come to mind. It should be a fun and interesting time. I always look forward to seeing the candidates and listening to them give their little speech.

WE LOST A VALUABLE SOROPTIMISTER

Betty Oakes' life partner, Bob Henderson, passed away New Year's Day. Here is Betty's message to us.

Dear Beloved Sisters:

Words cannot express my gratefulness for the kindness that I have received from all of you. To lose a life partner to death is extremely hard. It has happened to me twice. It's always hard to know what to do for people who have lost a partner, but you, my dear sisters, came through for me in

all ways possible. President Susan was there for me the day Bob died and checked with me daily to make sure I was okay. Ella Sandvig took me to lunch the next day, followed by Judy Cavett, Jan Walsh, Anne Burkart and Judi Morris. Ruth Gordon visited me with a plant; and the cards I received - all wonderful, too numerous to mention.

Bob's memorial was Saturday, January 26th. His friends and family were there to give him a lovely tribute, but what made it special for me was the vase of yellow roses at the front with the Soroptimist card, the many Soroptimists in attendance and the many, many helping hands at the reception. Joy McFadden (and husband Mike) and Karen Bednarski were there to set up and organize the food. And I am deeply grateful to all who brought food for the reception. Bob was a true Soroptimister and I'm sure he would have been there pitching in if it had been for someone else.

Thank you from the bottom of my heart for your outpouring of help and love. It will never be forgotten.

Betty

NEWS FROM SWEDEN

Eva Tulgren reports from Lund, Sweden that six Soroptimist Sisters from Lund went to South Africa to visit several sites.

They sponsor Edutak, a center where women learn how to become nursery school teachers and business owners. They visited three day care nurseries, led by women who had studied at Edutak.

It sounds like they had a wonderful trip She sent some material on the trip, some of it in Swedish.

We can expect a visit from Eva this summer I believe.
